Installer 1.2.1 Installer 1.2.1 Re: Does the Sun Leaps Over America : : I'm not going to go into details of the process of Galactic Motion but I have a question about Astronomy 101. Suppose that the earth's orbit is seen from above the North Pole. Would the Sun seem to "start" the Orbit or would it seem to be in an apparent stationary position? : : Answer to my query. Even if the earth's orbit were observed from above the north pole, the sun would appear to be stationary since the earth's orbit is observed as an ellipse, at the second order of the earth's motion.René-Charles Albert de Lambert René-Charles Albert de Lambert (1782 – 1839) was a French salon composer.
