

MultiBrainStorm LITE is an application for brainstorming sessions on the desktop. Multiple users can work simultaneously on a single computer, using the mouse, keyboard or network to help them come up with new ideas, and the team leader can use the system tray icon to manage the process. All users can see the text entered by each other, and they can all comment on ideas and vote on them. The application is very well-documented, and includes a forum for questions and technical support. Welcome to the next release of OpenGPS on your home PC, Mac, or iPod, iPad, or iPhone:OpenGPS 0.8. This is the first release in our two-year strategy to make OpenGPS the most powerful, most feature-rich, and easiest to use GPS/GLONASS receiver, and the first version of OpenGPS to be freely available. With this release we have re-architected the core database and everything else behind OpenGPS for your computer. We have added several new features. When you're GPS-ing, you'll get even better results. With OpenGPS 0.8 you can enjoy GPS, GLONASS, Galileo, Mars, and other GPS satellites; plus: - Continuous GPS updates - GPS Block Updating - Multiple receiver support - LPD (Low Power Design) - CPU/GPIO power budget - Improved speed of location update - New, more accurate POI (Point of Interest) database - New UI features: - Type a name for POI, and click to add it to your "places to go" list. - Save a place or place search as a bookmark. - Link locations to map or other POI's with one click. - Open and share your maps, search results, bookmarks, and places with others. You'll be amazed at how much more accurate the GPS is in OpenGPS 0.8 than with older versions of OpenGPS. The database and application are faster and more responsive. It's easy to use and will be even easier for your friends, family, and co-workers. As you upgrade to OpenGPS 0.8, we'll add more features, so please stay tuned for updates! OpenGPS 0.8 is based on the Garls 0.8 series, which you can get for free from your favorite dealer or distributors. OpenGPS is a project of Ulamod.org 70238732e0
