Q: OpenGL and DirectX on Windows Mobile Can I use the OpenGL/DirectX framework in Windows Mobile 6.0 for drawing on a canvas using OpenGL? I'm not sure if it is possible since the OpenGL framework is not part of the windows platform and is not a standard part of the OS. A: The OpenGL and DirectX frameworks are not part of the OS, so no, you can't use them on Windows Mobile 6.0.

Q: unable to get input string value in php this is my function in php

```
function store(){ if($_POST['cat_id'] == '1'){ $cat_id = $_POST['cat_id']; $username = $_POST['username']; $name = $_POST['name']; $data = array( 'cat_id' => $cat_id, 'username' => $username, 'name' => $name ); $dbh = new PDO('mysql:host=localhost;dbname=dbname', 'root', 'pass'); $query = "INSERT INTO customer (cat_id,username,name) VALUES ($cat_id, $username, $name)"; try { $stmt = $dbh->prepare($query); $stmt->execute($data); echo "Successfully Inserted"; } catch (Exception $ex) { echo $ex; return; } } }
```

when i give a value in the form it is not entering into the database it gives this error : Warning: PDO::exec() expects parameter 1 to be string, array given in C:\xampp\htdocs\customer\db.php on line 9

A: Your query is not correct. You should use "INSERT INTO customer (cat_id,username,name) VALUES (?,?)" Also \$data should be \$data = array('cat_id' => \$cat_id, 'username' => \$username, 'name' => \$name)
