UGC Matriculation. References Category:2019 establishments in India Category:Bangalore University I did these last night and had the post in the pot for a while, when I woke up this morning and went into the kitchen, I checked the mail and there was a post card in it. It was from my brother in Australia, he does the most stunning photo's, I have been working on my scrap books for the past couple of months and one thing I really wanted to do is a book of his photographs of the sea. So when I saw this card, I could not wait to open it, even tho I know how long it will take to get it done, it is one of my most favourite things he does. I also got this Aussie postcard in the mail, I really love the way it looks, I am going to try and make a small travel journal for my journal book, I will post a photo when it is done. - 2 \* m - 1 0 = - 4 \* v , - v + 1 = - 2 \* m - 1 .
