Why the Avengers movie is better than Spiderman Avengers director Joss Whedon has a large amount of social awareness, and like many of his other comics-based films, Iron Man was one of his first ventures into the genre. He has gone on to develop a large body of works, including the works of Star Trek and Buffy the Vampire Slayer. Posts about Iron Man appeared in the blog shortly before May 3rd, 2011, when the first picture of the actual costume was revealed. Unlike in many of the Marvel Comics movies, which have portrayed the Avengers as ruthless heroes of justice who'll stop at nothing to help their team-mates, it's clear that they all put a lot of care and consideration into their roles - in particular, the screenwriters acknowledge that the Avengers are very family-oriented, and genuinely care about each other. Fans have been speculating about how the fate of the Avengers and the Avengers team would be in the new film since the first trailer dropped. Movie review: "Avengers: Endgame" is the best Marvel movie yet. The Avengers, arguably the greatest superhero team of all time, finally makes their triumphant return 1cb139a0ed
