What's New in the SleekView?

SleekView is a user friendly program that runs on the windows platform and allows you to view, arrange, and print images, without the use of a computer mouse. It is especially useful when working on the road and traveling with your scanner's CD or after installing a new scanner without your existing programs. SleekView provides a free 14-day trial. The trial version of SleekView allows you to test SleekView's "Album View" and the thumbnail browser on a limited set of pictures in your pictures folder (without the ability to create and edit new pictures). If you're satisfied with SleekView, you can purchase it for US$49.00.
