* Adobe Photoshop CS3: www.adobe.com/products/photoshopcs3/ Adobe Photoshop Lightroom: www.adobe.com/products/photoshoplightroom.html Practice helps perfect craftsmanship Much of the most respected graphic design work is done with a pencil and paper. For some people this is the primary art form of design, with the end result being a finished product. For others, it is more of a necessary evil, something required to make a project deadline. It's a gateway into the world of design. I believe that the more you practice your craft, the better artist you will become. I have had the opportunity to learn how to write with a pencil and pen, how to sculpt in clay, how to draw and paint on paper, and how to draw digitally. Later, I learned how to sculpt, paint, and draw digitally. Along the way I learned many things that would never come up in any type of studio course I ever took. The most valuable thing I learned was to never be a slave to my tools. I'm not a professional artist, but my skills have improved so much over the years that it surprises me that I have come so far. Practice is the key to craftsmanship. Even if you're just working on paper, practicing is a good way to learn; it gives you something tangible you can do and trace. Just because it doesn't look like what you see in the magazines or on the TV, it's the closest you can get to the professional look without the expense or commitment to being an artist. There is more to craft than just learning how to use your tools; it's practicing with them. Aspiring artists create things without a mind-set to finish something. They are just there to learn and explore. I, as a professional artist, need to learn to see a project through all the way to the final. I practice until that happens, then I push myself to be more efficient with the design, page layouts, and so on. Otherwise, I become comfortable with doing things the hard way. The results of finishing a project are the most important. What you create for your business, friends, family, or for yourself is the most important. If you aren't in love with what you create, it's not going to sell. Keep in mind that the tools are not important, but the art behind the tools is. These tools are simply a means to an
