Chapter one. GitBook allows you to organize your book into chapters, each chapter is stored in a separate file like this. Hill edition, Hardcover in English - 7th ... http://www.geocities.com/cafe_giveaway/book/book_3.html This chapter provides a method by which you can create lists of books that you need to read . To begin with, you create a list of "What I\ld like to read" with a simple text input. You then create a list of books that are on that list by adding text to them that describes the contents of that book.
