Windows media player 12 distorted sound (sound as if the speakers are rotated) when reading audio CD sound is perfect when playing stored music MP3 or ... Answer: Hello, kalb\_alex! The problem with audio CD playback can also be caused by the absence of audio CD drivers for your sound card. Try to install drivers. If that doesn't help, reinstalling Windows will not solve the problem. Here Q: Media Center - how do I make the video and audio sound quieter than what's on the system? Good afternoon. Can you please tell me how to make the video and audio volume lower than the set in the system? The problem appeared after I installed Media Center. But that's not the point.
