SoftPerfect Cache Relocator Crack Full Version X64 [Latest] 2022

Relocate Chrome, Firefox, and Opera cache to any desired location with the help of this accessible app Just as obvious is the fact that all web browsers have a default cache location, usually in the AppData folder. Regardless of the reason this location is not ideal for your needs (let's imagine that you want to move the browser cache to a RAM disk, for example), you can give SoftPerfect Cache Relocator Crack Mac a quick run-through, as we're sure it won't disappoint. As its name makes it clear, this tiny and portable utility makes it as simple as possible for you to move the cache of the three most popular web browser out there: Google Chrome, Mozilla Firefox, and Opera. User-friendly, lightweight, and efficient little utility Since it does not require installation, you can start benefiting from what this app has to offer by simply downloading it, unzipping its package, and running it via the designated executable files for both types of system architectures. The interface is minimalist and, hence, nothing short of intuitive. You're able to redirect the cache to any desired location of your choosing and, just as quickly, restore it to default using the two designated buttons for each type of browser, and that's about it. Probably the easiest way of relocating the caches of some of the most popular browsers ... SoftPerfect Cache Relocator Download With Full Crack Description:

Relocate Chrome, Firefox, and Opera cache to any desired location with the help of this accessible app Just as obvious is the fact that all web browsers have a default cache location, usually in the AppData folder.
