System Requirements:

CPU: 2.8GHz RAM: 2GB OS: 10.8.3 Graphics: Intel HD 4000 How to play: Using the in-game overlay, the player must navigate through the maze collecting fruit. One mistake or collision, and you're out of the game. In order to advance you must collect every second fruit. Collecting a fruit while on the red walls slows down your timer, so be careful when trying to collect the fruits on the red walls. You can only collect fruits from
