Combo of three books on legal issues (31st edition of the textbook, 27 Handbook 4th edition and MCQ book 4th edition) by CA CS Munish Bhandari â€“ 2012 edition, Bharat Kalyan, âœWork and Propertyâœ, with 29 chapters and 135 illustrations. Meanwhile, in an article for The Economic Times, she wrote: âœThe hypocrisy of the maharajas and princes partly supports the trend in which all government efforts are aimed at reducing poverty. As British political scientist Lee Carroll rightly points out, the freebie "suffocates it all... they know we're in Europe and they can't feel like they're winning by handing out money." This applies not only to our money. Of course, one can assume that freebies simply do not exist, because poverty "cannot be beaten" and because "poverty data is not reliably measured." But this is not true. In the first part of Carol's article "Official statistics are ruthless." She points to "decades of surveillance and regulation of bank accounts, openness of information, irresponsible trade union activity, corruption that causes great damage to people and corporations" and "a weak financial system" in which tens of thousands of businesses "die" and young people are drafted into the army. and the perpetrators go unpunished. âœWith increasing income inequality and levels of social stress, the overall state of equity and economic policy is becoming increasingly desperate.âœ And then Carol explores how various traits of some of our rulers (such as the use of democratic institutions and institutions of private property) contribute to poverty. Thus, Prince Gupta, with his "infrastructure financing, actually means that he takes ownership of the main railway facilities for use as palaces." According to the Bank of Canada, the poverty rate among the Indian population has risen from 18.2% to 36.9% over the past 30 years. This means that most of our ruling persons do not try to fight poverty, but, on the contrary, encourage it. "Youth unemployment is dangerous... we are already seeing the dire situation that lies ahead for India." Youth poverty rates among urban dwellers are largely due to the lack of affordable health care. It reaches 30%. According to a study by the Bank of Canada (2009), the level of poverty among pensioners is also mainly related to the lack of access to medical care. As a result
