
Ets2 Auto Stop Modl

European Truck Simulator 2 mod is a mod which allows you to skip the vehicle to vehicle interaction such as traffic lights, stop signs, red light cameras, stop sensors (but NOT yield signs), speed limit signs, speed cameras, ABS, cruise control, etc. as well as forcing vehicles to stop when the autostart is active, but not the driver. While the latter seems to be a safety feature to remind drivers to engage their hazard lights, it may actually be a trick to disorientate new drivers. Mod AutoStop Car is fully compatible with the original European Truck Simulator 2 (ETS2), Rockstar Games, import and export model format; you can play without activator. Visit our website at.
