One of the more powerful new features of FIFA 22 is the return of the New Player Experience (NPE) suite, which provides new tutorial dialogue and a point tracker to help new players master the nuances of the new engine. The NPE helps new players transition to the game quickly and develop tactical awareness and decision-making. It also works with the new animation and AI behavior to help newcomers adapt to the game quicker. In addition, the enhanced control scheme offers four user-configurable button configuration schemes, allowing the player to adapt the controls to their playing style. The control schemes are the Pro, Hybrid, Classic, and Ultimate styles. The "Reset button behavior" is being improved, which helps new and returning players adapt to the new engine's layout more effectively by giving a smoother transition to the controls. The "Find Players" feature in the game's transfer market is also being improved to be more intuitive and easier to use. Now, new and returning users can search for players by squad, position, type, and location. Players can now find even more information about the player by using "Player cards," which provide a player's information on physical attributes, ratings, key stats, and career highlights. And players now have the ability to communicate with their agents and coaches by tapping into the "Agent" and "Coach" tabs in the Community, which allows the player to tap on a specific player to contact their player agent or coach. A new player can customize the player card by adding or removing images, ratings, and players. Players can now call out to their teammates by using free-kicks, and can also trigger a specific animation during a pass to encourage a teammate to push up and play with the ball. FIFA 22 also introduces "transformation," which helps players exploit their speed and use of space to their advantage with added movement in the air, making it easier to adapt to and move around a ball in the air. The "Quick Reference" feature is being improved to make the game more intuitive. Now when entering a game, players can consult the "Quick Reference" feature before launching into a new game to assist them in completing some of the game's controls more quickly. When starting a game, users can also now set the default forward/back pass button to be either left

#### Fifa 22 Features Key:

- Play with Authenticity - Master the touch of the ball and let the ball do the work in the New Interactive Physics System, where the ball and chips react exactly as they do in the real world. Experience the new volumetric Head Impact System where every collision between your body and the ball results in a realistic impact, whether it's a collision with a post or another player.
- Be A Pro - From playmaking and dribbling to marking and shooting, make every decision count in Sky Fortnite. Be The Pro. How you do it is up to you - try to earn a contract with the Pro Clubs, master the challenges in FIFA Moments, and get help from your friends and your clubs using FUT Drafts. Play like you've never played before.
- Touch It. Be It - Call shots, take shots, send crosses, and make runs for your teammates in the new advanced player AI that learns from your play style.
- New Gameplay Features - Engage in more attacks that allow you to shoot quickly, start moves that create shots or open up defences, run into the gap and attempt center passes, and slow down time or change direction to avoid shots.
- New Ball Physics - In addition to the physics model being faster, more fluid and more reactive, the new ball physics in FIFA 22 are the first step in the most advanced ball model in the series.
- FIFA Moments - Featuring a new 'Cloud Invincibility' mechanic, FIFA Moments let you replay the FUT Draft pack, completing challenges, playing online against AI or random players, and even scoring goals against the Best FIFA Award. Can you defeat FIFA Moments to set yourself apart from the crowd?

#### Fifa 22 X64 [Updated]

FIFA is the best-selling sports video game franchise of all time, more than 38 million players worldwide and more than 500 million game units sold globally. It was the first sports video game franchise to achieve multi-billion-dollar revenues, the only sports video game to top the UK gaming charts for 16 years running, the only sports video game to reach 30 million units sold in its first year and the only sports video game to have won the Academy Award® for Best Visual Effects. FIFA is available on the EA SPORTS™ FIFA series of games for the Sony PlayStation®4 computer entertainment system, Xbox One™, Xbox 360® video game and entertainment system, Nintendo Switch™, Windows PC, Nintendo 3DS, Nintendo Wii U™ and Nintendo DS. The Ultimate Team™ Backed by the most famous footballers in the world, Ultimate Team™ - an EA SPORTS™ FIFA tradition - gives you the chance to take over your very own squad and build your dream team. Beyond the awe-inspiring visuals and unbelievably detailed player models, Ultimate Team™ brings the game's most iconic moments and tournaments to life like never before: Juventus's Scudetto and Champions League triumphs and Lionel Messi's extraordinary FC Barcelona career. The 4K Engine Powered by the 4K engine - featuring in FIFA 19 - the new FIFA introduces a streamlined experience focused on improved audio, gameplay and context. The FIFA Experience The new FIFA Experience gives you more control over the way you play, provides a more immersive, authentic and rewarding football experience and offers players and fans more ways to express themselves than ever before in-game. Academy Journey Your journey through the Academy begins with easy-to-play 3D players, and evolves into the real thing through the official UEFA Champions League, Copa America and UEFA Europa League squads. FIFA Ultimate Team (FUT) has all-new ways to use your Ultimate Team. Customise your squad with FIFA Ultimate Team, an all-new feature that lets you build your dream team, including the opportunity to create your own Legends, such as Cristiano Ronaldo, Pele, Zinedine Zidane, and the likes. In addition, you can now buy items with real-world money and trade with other Ultimate Team players. FIFA Skill - FIFA Skill, as featured in FIFA 22, has been updated, allowing you to deliver spectacular manoeuvres both on and off the pitch. You can now perform acrobatic and reflex-based moves, including dribbling, shoot, pass, and more. As well as showing off to your friends, the new integration into Ultimate Team can be key to unlocking the secrets of the game. MINIMAL MODES FEATURES THE BIGGEST CHANGES The biggest addition to FIFA 22 is the introduction of a brand new and fully licensed The Journey. Access it any time from FIFA Ultimate Team, where you will be able to accompany Alex Hunter on his spectacular journey around the globe. You can even watch a small selection of special videos that share his experiences. UEFA's UEFA Europa League may be a smaller competition than the Champions League, but it's packed with drama. It's where big-name clubs like Manchester United and Lyon have tasted success and where all those hard-won tournament points keep clubs like Benfica, Feyenoord and Southampton at the sharp end. For the first time ever, in FIFA 22, you can go head-to-head with professional clubs from the likes of Real Madrid, Inter Milan, Chelsea and, of course, Barcelona in UEFA's elite club competition. UEFA's original club competition, UEFA Europa League, includes 55 clubs. New to FIFA 22 are 39 more, bringing the total to 94 clubs in UEFA Europa League, along with a brand new single-game knockout format and all-new challenges including the reverse-of-the-regular season, the knock-out round and the draw for the knockout round. There are two ways to play, either as the Home or Away Team. The Home Team • Win three games and qualify for the UEFA Europa League Final • Earn points for each home win The Away Team • Win three games and qualify for the UEFA Europa League
