for itunes We started with the 4k model (same as above, the only difference is the resolution is upgraded from 800 to a resolution of 2560x1440 ). We played two games of Halo 5. The significant difference being that we were using the previous gen controller with the 2 sticks and all 4 face buttons. ( the 2 sticks I would attach to the right one, and that the fourth button would be attached to the left control I would tap ). I found it very interesting that ( a game like Halo 5 ), for the price of \$ 60 ( which is a very small fraction of the price for a game like this ), it came with a lot of content, including 5 maps ( 2 of them were cross map, that is, there were 4 levels and a sniper mode ). For \$ 60 it was more than enough to download the full version. If you are thinking of purchasing this game, you can visit other retailers such as Amazon and play it before you buy it. That way you will know

whether you want to spend more money on it or not. If you are a student that is thinking of purchasing this game for your beloved, you can first download the demo of the game and see how it is. If you are playing the demo, you can play it for free, and when you purchase the full version, you
