Additional improvements to FIFA 2K Pro Spectacular 2014 in FUT include brand new Create-a-Club (CAC) mode, the ability to play in "true 4-4-2," including formations and kit customizations, a redesigned Create-a-Player, player play types, and a revamped goal keeper play type. The FIFA 2K series has now released 18 games on the PS4™, PS3™, and Xbox 360® platforms, and it is the only soccer simulation franchise that has been released on two platforms simultaneously. The series has sold over 63 million units worldwide. FIFA 2K Pro Football 2013 for the PlayStation®4 computer entertainment system, Xbox One and PlayStation®3 computer entertainment system features an expanded roster of more than 1,000 players and over 8,000 licensed teams, compared to last year's 1,000 players and 7,000 licensed teams, with 48 teams in the American and Canadian Leagues. A new touch-control engine puts players in complete control, allowing them to use the innovative S.A.T.S. Ultimate Player Control (UPC) and compete with the highest level of competitive accuracy in the sports game genre. FIFA 2K15 introduces a dynamic game flow, with tighter control over the flow of the match, a new set of dynamic tactics and adjustments, comprehensive gameplay and injury modes, and an optimized user interface and controls, giving players unprecedented control of the match. This year's action-packed game, FIFA 2K15, follows several of the major leagues of the world, including the English Premier League, German Bundesliga, and the Italian Serie A. FIFA 2K17 brings more than 1,500 licensed international and national teams, the largest roster of international teams in the series since FUT 15, as well as the largest roster of national teams for FIFA since 2000. In addition, the game introduces a brand new seamless presentation engine, more than 1,000 players, more than 40 stadiums, and a 10-year license agreement with the English Football League. The game is launched later this year with two new innovative modes – one for road to the FIFA World Cup™ (OWC) and one for the 2015 Women's World Cup™. FIFA 2K18 brings new tools for players to create and share content, and adds 12 new players, 12 new national teams and a host of gameplay improvements and innovations. FIFA

What's new:

- **New Stadiums and KitShops** Enjoy a variety of settings for your next football simulation game. FIFA 22 introduces all-new stadiums and kit shops.
- **Keeper Scripting Master** and control defenders with more freedom and clarity. Use the new goalkeeper scripting to make your defenders worth their wages.
- **Dynamic Player Choice** The new Matchday AI provides a more realistic challenge for players as they take the field. The AI will conduct tactics on the fly, adjust formations and play styles, and react to referee decisions and score lines.
- **Look Alive** A new “Look Alive” system helps to give defenders more agency and player personality by using motion-capture data and SDK to animate their gait, capture, push-offs, and tackle decision-making, making them even more effective in their roles. Players whose faces are covered will be visually shown their actions through speech processing, and will will be able to look at the ball or run towards it.
- **Player Perception** FIFA 22 optimises stadiums and environments for players to the maximum with an enhanced brand-based player perception system - you can see in real-time if they see the ball or sense danger around them. Players will more consistently dash into the danger zone, encouraging better decision-making and positioning.
- **New Physics Engine** The new physics engine has been improved for FIFA 22, helping to create a more realistic experience on the pitch and in ball controls.
