What's New In TCPIPChangeSettings?

The TCPIPChangeSettings program helps you to find and install systemwide the TCP / IP settings that you need. It can help you to set up and/or reconfigure your system's settings for network connections, server settings, and more. It is designed to make your life easier! You can, for example, change the IP settings of a computer and the TCP / IP settings of a router using this easy-to-use solution. All this from a simple application! It won't change any system settings, but it will copy the setting that you need to store for use later. This is a handy tool that allows you to create a comprehensive map of the settings on your network without changing them or bothering with a network map. Key Features - Changes TCPIP settings of one or more client machines - Changes TCP / IP settings of one or more routers - Copies TCPIP settings under a specified name - Changes protocol and address settings - Support for all protocol / IP addresses and settings - Supports all major OS platforms, all versions (XP, Vista, 7 and 8) - Integrated Windows Firewall support - Select one or more routers (and respective machines) to be modified - Generates a detailed description of all steps and used settings - Preview box to examine settings before modification - Creation of a settings list and copying of settings into a text file - Multithreaded server (Windows XP and Windows 7) and multithreaded client (Windows XP, Windows 7, Windows 8 and Windows 10) Use After installing the TCPIPChangeSettings application you can save and modify your client's TCPIP settings using a small console window. A detailed description of the TCPIP settings is generated after the settings modification. A text file containing all settings is generated. The program is optimized for all major operating systems: Microsoft Windows XP, Windows Vista, Windows 7 and Windows 8. For the settings modification there is a preview window. You can also use the TCPIPChangeSettings application to change the settings of one or more routers. Detailed descriptions of all used settings are generated. A list of all supported settings can be found on the website. If this application is not your cup of tea, you can also use the Simple TCPIPChange.exe application instead. by TSS_Tech Software TCPIPChangeSettings 3.0 Released! Saturday 31 July 2009 The TCPIPChangeSettings application is a handy little utility
