PeerMatrix is an advertising technology that allows you to distribute your video or audio advertising to 200 million potential customers that are using P2P networks. P2P networks are Internet-based file sharing networks that allow users to share music, movies, and other digital content. The best example of a P2P network is Kazaa. Software such as LimeWire, Shareaza, Ares, and many other programs allow people to share files through P2P networks, and now you can reach these people with your video or audio advertising for free using PeerMatrix. PeerMatrix is a completely free service that does not require you to pay a penny of any kind. PeerMatrix is free to distribute video, audio, and HTML files. PeerMatrix is free to share music, movies, and other digital content. PeerMatrix is free for you to share your own videos, audio, or files. All you need to do is register for PeerMatrix. PeerMatrix is the latest in the ever growing P2P file sharing technology and is here to stay. Why? Because PeerMatrix works. PeerMatrix distribution methods work, and people use PeerMatrix all the time. PeerMatrix is a true viral technology that spreads rapidly and consistently. PeerMatrix is able to quickly and easily grab attention, because it is distributed by people and not computers. Most PeerMatrix-distributed content is viewed within the first 10 minutes, sometimes within the first 3 minutes. PeerMatrix content also moves quickly out of the network. Now, PeerMatrix is also controllable. Unlike other P2P technologies that did not understand what to do with files from small web sites, PeerMatrix can also handle a small web site like you would receive from a video or audio file sharing company. PeerMatrix can even distribute files to millions of people in mere seconds. PeerMatrix is a simple platform that allows you to distribute your files, such as video, audio, PDF, executable, or HTML, to a huge audience in any form or in multiple forms. You can distribute your video or audio advertising as part of your content, or you can use PeerMatrix to distribute additional files or folders of media. The PeerMatrix distribution method works for video and audio advertisements. PeerMatrix also works for text-based, HTML, or multimedia files, such as PDF, executable programs, or anything else you can think of! PeerMatrix also allows you to share music, movies, images, or any other type of content. PeerMatrix b7e8fdf5c8
