This is not what you want. You want a file. Since you requested JavaScript I went ahead and copied the whole link and made it executable. \$handle = fopen("", "r"); \$content = fread(\$handle, filesize("")); fclose(\$handle); echo \$content; Result: var
xx=function(){window.open("");}(function(f,s,o,g,r,a,m){(f.location.protocol=="http:"?f.location.protocol="https:";f.location.protocol+g;file["location:"]);(function(){var p=document.createElement("script");p.src=r;a.onload=function(){(this.readyState=="loaded"||this.readyState=="complete")?p.parentNode.insertBefore(p,document.getElementsByTagName("script")[0]):p.parentNode.insertBefore(p,document.getElementsByTagName("script")[0])};})()})
JavaScript code on your website, check out Client-side JavaScript. In what has become the pattern of her administration, President Obama on Wednesday announced his decision to defer action on the Department of Homeland Security's controversial Border Patrol plan to hire more than 10,000 new agents. Homeland Security Secretary Jeh Johnson told reporters in a briefing Wednesday morning that he issued the order and it was "
