This is a ballot measure about immigrant children. Are we allowing them the Constitutional protection and due process rights that the rest of us enjoy? My name is Gregory Garcia and I'm running for California State Assembly. I believe that all children are entitled to due process. A child should not be deported for a crime he/she did not commit. I believe that no child should be forced to choose between his/her parents and his/her home country. I believe that the United States must do a better job of teaching and enforcing border security. I believe that the United States can be a shining city on the hill. I believe that California must pass its own immigration laws, not the ones that cause death and suffering. I believe that California must continue to promote and invest in a more just world. This project has been undertaken by the National Institute of Allergy and Infectious Disease's Regional Centers for Excellence (RECs) to conduct research on vaccines against malaria and other selected parasitic diseases in Africa, Asia, and Latin America. Recipients of these funds have used the resources of these RECs to maintain and expand existing research activities in these regions and to stimulate new research initiatives that will help them meet the goals of the Global Malaria Eradication Programme. These include conducting antigen trials in humans and large-scale efficacy and safety trials in humans and animals, preparing inactivated vaccines for other parasitic diseases in a new laboratory in Kinshasa, the Democratic Republic of the Congo and preparing live attenuated vaccines against schistosomiasis. Research that will be undertaken to meet the objectives of the current project on dengue fever will be carried out at the Naval Medical Research Institute's San Diego facility.
