MiCharts

miCharts is a user-friendly and comprehensive piece of software created to help you monitor the progress of various companies on the stock market, enabling you to view their evolution over larger time spans. Neatly-structured and intuitive looks The application features a fairly simple and appealing user interface, making it very easy to handle by anyone, regardless of prior experience with finance tools. The main window displays the graph for the chosen business, while from the right-side panel, you can configure the graphing preferences. Effortlessly track the stock market evolution of listed companies miCharts uses real-time information from the Yahoo! Finances service, enabling you to access data from numerous markets, from all over the world, including USA, European countries, Australia and many others. The program allows you to choose the company by inputting the corresponding exchange symbol, then select the 'Chart Type' between 'Line', 'CandleStick' and 'OHLC', for a preferred 'Time Frame' (1 day, 5 days, 3 months, 1 year, 5 year or maximum). Moreover, from the proper drop-down menus, you can select the 'Price Bands' (Bollinger, Donchian, Envelope or None), the 'Averages' (Simple, Exponential, Triangular, Weighted) or the 'Technical Indicator' ('Rate of Change', 'TRIX', 'Volume', 'Chaikin Volatility', 'Detrended Price Osc' and countless others). Optionally, you can choose to show 'Volume', 'Parabolic SAR', 'Log Scale' or 'Percentage Scale' by checking the corresponding boxes, or you can compare one company to another, by inputting its symbol. Finally, you can click on the 'Graph It' button to retrieve the requested data in the graph window. A handy exchange market assistant To summarize, miCharts is a useful and reliable utility that can successfully assist you in tracking stock market evolutions, helping you discover the slightest change in one of the listed companies' values. The Adam Smith Institute is a think-tank established in 1982 by Professor F.A. Hayek who is an acknowledged authority on economics and politics. A collaborator
